Skyrim Shadow Striping Fix Ini

(Reference)ShadowCastersFix=false. Subscribe Subscribed Unsubscribe 1 5K 1[SHADOW][SHADOW]This section will change the quality and casting of shadows in Skyrim by adding effects and allowing shadows to be cast everywhere.. Some of these settings are just fixes, while a few are quality enhancements ShadowCastersFix This parameter adjusts the position of light sources so they cast more accurate shadows while also allowing objects which should be casting shadows to do so that would otherwise not.. If you have a particular place you want us to look into, that's best filed as a bug on the tracker..
